

Make the most

of your networking

opportunities

EPC is expanding their social media services to provide a LinkedIn Lounge in their Resource Centre at 418 Sheridan Street.

If you are an entrepreneur, career changer, graduate, job seeker or working professional and are looking to maximize your network reach and effectively market your professional image online this free drop in service has been designed for you.

A constructive critique of your LinkedIn account including profile image, summary, work experience, education, skills, endorsements, volunteer work, interests, recommendations and connections with relevant individuals, companies and groups will be provided.

As a prerequisite you must have a completed LinkedIn profile and know your password so you can access your account at EPC.

If you are new to LinkedIn, EPC offers both "Creating a Positive Digital Footprint" and "LinkedIn" workshops monthly. For more information of these workshops drop in, call or check us out online.
